

TCM Forklift Parts

TCM Forklift Part - Forklift trucks are an important player in the material handling field of every global trade. Transporting industrial goods occurs each day on our busy world. Primarily innovated as industrial vehicles during the 1930s in the United States of America, forklifts gained recognition following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these equipment spread globally.

In 1949, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Presently the business is simply referred to as TCM Corporation. Through the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation in the business. TCM began constructing lift truck manufacturing locations outside of Japan during the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly makes numerous models of industrial trucks with more than 50 years of accumulated technology and expertise, making their products recognized and used all over the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and intends to become a world-class leading business.
