

Concrete Hoppers

Concrete Hopper - This accessory is a self-dumping hopper that automatically triggers to dump whenever bumper release contacts the side of a dumpster. When dumping is finished, the hopper goes back to an upright and locked position. This piece of equipment is also obtainable together with a cable that allows operation from the seat of the lift truck in order to have the choice of manually dumping the hopper. There is a locking chain provided in order to secure the hopper to the tine truck. This product is made with reliable and consistent robotic welds for maximum strength. The forklift dumping hopper also has a blue powder coat finish in order to maintain durability.
