

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement ever since nineteen fifty nine. Whether the task involves transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler will really help make the work go easier and faster. These units are complete along with the patented Stabil-Trak stability system so as to ensure operator confidence.

The horizontal placement system by Lull could supply eighty inches of boom travel for precision placement capabilities. There are even lots of optional Lull attachments for their telehandlers in order to help do any task.
